

RESOLUTION 2014-06

**Resolution of Support
For the
Centerburg Joint Recreation District Levy Effort
April, 2014**

As a sponsoring governmental entity of the Centerburg Joint Recreation District (CJRD), we support the initiative of the CJRD Board in placing a .65 mills levy on the May, 2014 ballot. The levy will be for a period of five years. Funds resulting from the passage of this levy will be used to support the mission of CJRD as follows:

The mission of the CJRD is to physically and financially assist in the enhancement of recreational facilities and programs, and also to expand and develop additional recreational facilities and programs within the boundaries of the Centerburg School District.

And specifically funds will be used toward;

- Regular maintenance costs for the Community Memorial Park estimated to total \$24,000 per year.
- Basic capital improvements for the Community Memorial Park totaling \$60,000 over five years. These improvements include ball field drainage, playground structure, ball field dugouts, picnic shelters, and road and bridge repairs.
- Programming costs and a part-time administrator to oversee all recreation district activities including the administration of the park. \$12,000 in levy funds will be combined with the existing \$10,000 annual budget provided through County small government funds toward these ends.
- The expansion of recreation facilities in partnership with various groups through access to additional grant funds.
